

Why Volunteer?

Most of the time, to volunteer means that you are working side by side with others who are working towards a common goal.

When you volunteer, you are making connections. You become connected with your community. You become connected with the problem; as well as, the solution. You become connected to a process—a process in which you believe! Through your actions and involvement, you are benefitting others as well as yourself.

Think about what you would like to do in the community. Whether it be helping a person in crisis, assisting a struggling child with reading, helping out at an event or maybe completing a task such as organizing a food pantry, be sure to get involved with an activity that is meaningful to you!

United Way of Trumbull County can help connect you with one of our 23 partnering agencies. Agencies that provide direct services to children, adults and seniors in need, with a primary focus on health, education, income and basic need issues. In addition, UWTC has many events and happening each year that requires the help of others. Those wanting to make a difference, share a skill or possibly meet new people. Volunteering is exciting and rewarding! Can you think of a reason not to volunteer?
